

## CUSICK MONTHLY REPORT December 5, 2023

- POFD4 was dispatched to 53 calls in the month of November, with the breakdown being 36 in Newport City, 6 in the Newport area, 3 in Usk and 7 in Cusick. We also responded to a structure fire across the river on mutual aid for SPOFR. The break down for locations and call types are included below.
- Last month, our staff completed 419 hours of training. Of the training completed, a portion of it was for Advanced ICS for Captain Adam Micone. These hours do not include the EMT training that two of our firefighters are participating.
- POFD4 has been successful in acquiring an additional \$5,000 in COVID relieve grant money from FEMA. This is helping cover some of the additional expenses we incurred because of the COVID-19 outbreak. As a quick overview, POFD4 has also been successful at recouping over \$105,000 dollars from FEMA in similar reimbursements, and have also been awarded \$182,000 from the County's ARPA grant. Nearly all this money went towards the purchase of much needed medical equipment and Personal Protective Equipment for our staff.
- This is the last week of the District having Limited Term Firefighters. If you remember, I hired these three people to staff equipment to guarantee that we could immediately send apparatus to fires across the state, while reaping the benefit of having them here to handle emergencies as they came up when they were awaiting assignments to other fires. The District experienced a net gain of about \$20,000 by doing this, which essentially gave our community free services while they were on duty. We will be doing this again next fire season.
- The local paramedic service (POEMS) finally closed their doors. The Fire Chief's, along with guidance and coordination from Commissioner Robert Rosencrantz, worked closely to ensure that there was never a lapse in service. Currently, Fire District 2 is providing paramedic services throughout to whole county. As a group we will be looking for ways to strengthen the delivery system even more to ensure that there is never another lapse in service in Pend Oreille County again. POFD4 sincerely thanks John Jackson for his efforts by operating Pend Oreille Paramedics (POEMS). His commitment to the people of our community saved many lives, and increased the level of the quality of life for countless numbers of people.
- Last on my list, please make sure that your smoke detectors are operating properly and that the batteries are good. Also, please keep your Christmas Trees well-watered, and your decorations in safe places. More than 700 houses a year burn down because of Christmas decorations, and smoke detectors are proven to save lives and property. Fires essentially doubles in size every minute, so early warning of smoke increases your chances of survival exponentially. Everybody at Fire District 4 wishes you all a Merry Christmas, and a safe and happy New Year!
