

CUSICK MONTHLY REPORT

November 7, 2023

- POFD4 was dispatched to 28 calls in the month of October, with the breakdown being 19 in Newport City, 4 in the Newport area, 4 in Usk and 1 in Cusick. The break down for locations and call types are included below.
- Has applied for a used DNR brush engine.
- It sounds as if the City of Newport will be using someone else for their fire protection starting January. I advised them last February that they needed to pay equally the amount that my tax payers pay for the same services. Multiple requests to negotiate rates moving forward went nowhere, so I advised them yesterday that effective January 1, 2024, they would be getting billed at rate of over \$19,000 a month. I have heard that the City of Newport will be sending me correspondence terminating the contract.
